# Completion of Acquisition of M.A. International Limited

Further to the announcement of 8 August 2006, Detica Group plc, the specialist IT consultancy, is pleased to announce that it has completed the acquisition of M.A. International Limited.

Founded in 1996, m.a. partners is a management consulting group with 130 employees, specialising in the capital markets sector that provides high-value consultancy to global investment banks, asset managers, private banks, prime brokers, exchanges and retail brokerages. It has offices in Europe and the US with its principal offices in London and New York.

Tom Black, Chief Executive of Detica, today reiterated comments made at the time of the announcement of the acquisition:

"Capital markets represents one of the largest and fastest growing consulting sectors driven by the sheer volumes of data, the complexity of new financial instruments, international and local regulatory initiatives and a continued drive for efficiency gains. The acquisition of m.a. partners brings us real critical mass and a leading position in this sector.

In m.a. partners, we are acquiring a business that has a very impressive track record of growth and one that has long term relationships at the very highest levels in the industry. Its consulting services are complementary to the deep technical expertise of our current capital markets team. We are delighted to welcome m.a. partners into the Detica fold and look forward to realizing real revenue synergies from this acquisition."

Jon Moore, Chief Executive of m.a. partners, added:

"We believe that this deal will create a firm which will ultimately become the leading business and technology consulting firm for major institutions in global capital markets. For our clients this deal will enhance the scope and scale of services we provide, remaining focused on areas where deep industry knowledge and high technology capabilities can be applied to solve complex business problems.

For our people this deal will enable them to develop a broader set of skills and capabilities, whilst more rapid growth will allow them to take on greater responsibilities earlier in their careers. Most importantly we believe that both firms share a common set of values and attract and retain the highest calibre people. I am personally excited to be joining Detica's management team and look forward to a new phase of continued, successful growth."

### Colin Evans joins the Board as Chief Operating Officer

Detica Group plc ("Detica" or "the Group") is pleased to announce the appointment of Colin Evans (38) to the Board of Detica as the Group's Chief Operating Officer with immediate effect.

The newly created Board position of Group Chief Operating Officer reflects the continued and ongoing evolution of the management structures within Detica that have supported the development, internationalisation and growth of the Group since its IPO in April 2002. This has seen revenues increase from £32.8 million in the year ended 31 March 2002 to £101.5 million in the year ended 31 March 2006 and staff numbers increase from 270 to over 1,200 today. The Group's geographic reach has also broadened from an exclusively UK-based business in 2002 to one that today has multiple office locations in the UK, US and Continental Europe.

# Commenting on Colin Evans' appointment, Chris Conway, Chairman of Detica, said today:

"As a Board we have focused heavily on ensuring that we have the management infrastructure and talent in place to drive the sustainable growth of our business both organically and through acquisition. The creation of the role of Chief Operating Officer for the Group is a logical next-step in the evolution of the business as we drive it forward off a broadened operational footprint.

Colin has demonstrated his considerable management and commercial ability over many years, most recently as Managing Director of Detica UK, and we are delighted to welcome him to the Board. We look forward to working with him in taking the business forward into its next phase of development."

There are no other notifications required pursuant to 9.6.13R of the Listing Rules.
